

How the CBAA Schedulers & Dispatchers (S&D) Scholarship opens the door to a brighter future

A letter from 2017 scholarship recipient, Jill Dermott, Customer Service Representative at Skyservice FBO and First Officer, Lake Central Airways.

March 15, 2018

I would first like to thank the Canadian Business Aviation Association and the Schedulers and Dispatchers Committee for selecting me as one of their 2017 scholarship recipients.

Receiving the scholarship has allowed me to continue working towards my Corporate Aviation Management Certificate through Embry-Riddell World Wide. Since receiving the scholarship I have been able to complete four courses toward my certificate that otherwise would have been difficult with my limited financial resources.

By offering this scholarship the CBAA has not only provided me with the opportunity to gain knowledge and experience in an industry that I am passionate about, but also with support and encouragement through their mentorship program.

I urge anyone who would like to further their aviation knowledge or experience a conference such as the Schedulers and Dispatchers Conference to submit their application. There are times when we all need a little help to achieve our goals.

The CBAA S&D Scholarship provides an opportunity for current and prospective Canadian schedulers & dispatchers as well as aviation students interested in flight support careers (including air cadets), to receive a bursary up to \$10,000 towards continuing their education.
